

**Kevin Williams, Health Services Representative /
Creator and Manager of Kevin's Korner**

**Anthony Stidham, DHSc, MPH, Epidemiology /
Disease Control Manager**

Estimated US Annual Incidences of Common STDs

- Humanpapilloma Virus: 5.5 million
 - Trichomoniasis: 5 million
 - Chlamydia: 3 million
 - Genital herpes: 1 million
 - Gonorrhoea: 650,000
 - Hepatitis B: 120,000
 - Syphilis: 70,000
 - HIV: 40,000
- Each year, there are approximately **15.3** million new STD infections in the US alone
 - Almost half of them are among youth aged 15 to 25.

Lake County STD Rates 2005-2011

**56%
Increase from
2005 - 2010**

INFECTION	Cases 2005	Cases 2006	Cases 2007	Cases 2008	Cases 2009	Cases 2010
Chlamydia	491	547	649	743	822	877
Gonorrhea	269	303	314	251	220	265
Syphilis (Infectious P & S)	4	3	8	15	7	5
Syphilis (Early Latent / Late Latent)	1/12	5/9	2/14	5/5	2/3	3/5
Syphilis (in pregnant women & neonates)	2	1	0	2	0	0
HIV	33	06	49	36	23	37
AIDS	47	41	47	34	25	18

***Lake County
1/1/11-04/19/11**

Facing the Facts

- In The Last 5 Years
- **56% increase** in Chlamydia across all genders, ages, and ethnicities in Lake County.
- **78% increase** in STDs in Lake County's residents ages 20-24 years.

- **Number 1 reported disease in Florida (1997-2006)**
- Persons ages 10-34 - **Chlamydia**
- Persons ages 35-44 - **Gonorrhea**
- Persons ages 45-64 - **AIDS**

How Program Developed

We asked ourselves, how can we:

- Address adolescents and young adults who disproportionately suffer from STDs?
- Help adolescent and young adult populations not experience shame or fear that would keep them from seeking care?
- Offer promise and security in the education of populations who seek anonymity?

Question with answer

Kevin's Korner

My boyfriend's private part has a very bad odor and discharge. He said it's because he's not circumcised but I think he has something. What should I do.

Monday, April 18, 2011 -

The correct thing for you to do is make yourself an appt and get an STD work up for yourself. The reason is, even if the odor is due to him not being circumcised, he still shouldn't have a discharge. He really should make an appt and get checked out.

You can call The Lake County Health Department Umatilla Clinic located at 249 E. Collins Street, in Umatilla. You will need to call 352-771-5500 for an appointment.
